The News.

We have later news from Europe by the steamer *City of Baltimore*, which arrived at New York yesterday, from Liverpool on the 17th inst. The anticipated difficulties between England and France on the Refugee question, it would appear has been averted by a conciliatory adjustment of the matter. Other political news from Europe is unimportant. The commercial news is not of an important nature. The Liverpool market is reported dull and prices unchanged. We have intelligence from India to the 24th of February. It is not of an important nature. Sir Colin Campbell was still at Cawnpore, and it was expected that Lucknow would be bombarded on the 28th of February. The steamer Ava, containing Calcutta mails and over a quarter of a million sterling, was lost on the 16th of February—no lives lost. The conspirators Orsini and Pierrie were guillotined on the 13th inst. The Sardinia Parliament reject the conspiracy bill.—It is reported that Mr. Roebuck had received a challenge from a French officer for his language in relation to France.

We are glad to learn, from Washington, that the Anti-Lecompton members of Congress, Republicans and Democrats, reject *all* "compromises," and stand fast by the principle that the People of Kansas have a right to make their own Constitution.

The Congressional news is not important this morning. Mr. Doolittle has presented to the Senate the joint resolution of the Wisconsin Legislature in favor of the admission of Minnesota. At a Caucus of the anti-Lecompton Democrats, it was resolved to stand by Crittenden's amendments.

We have the proceedings of our State Legislature yesterday. The Kansas resolutions have been adopted.

The New York Produce Market is unchanged, in our own market there is no change, and little doing at present.

The weather yesterday was quite agreeable, though there was a slight frost yesterday morning.

It will be seen from the paragraph we copy from the St. Paul *Pioneer*, of March 26th, that Capt. Harris, with his fine steamer, the *Grey Eagle*, was the first to reach St. Paul this spring, and that his arrival there is the earliest on record.

For the Sentinel.

Seventh Ward.

MESSRS. EDITORS:—The resignation of Ald. Prentiss makes it necessary for the Electors of the Seventh Ward, to choose an Alderman and *two* Councillors, at the ensuing election. I have only *two* changes to propose in the ticket suggested by a correspondent in this morning's *Sentinel*. In deference to the wishes of our German fellow-citizens, who constitute so large a share of the constituent body, allow me to suggest the following, as the REFORM TICKET, for the Seventh Ward:

Alderman—S. S. DAGGETT.
Councillor for two years—VICTOR SCHULTE.
Councillor for one year—LESTER SEXTON.
Justice—ALBERT SMITH.
Railroad Commissioner—C. PREUSSER.
Constable—HENRY THIOBALD.

TAX PAYER.

Milwaukee, March 30th.

SEVENTH WARD NOMINATIONS.—At the Democratic caucus in the Seventh Ward, yesterday afternoon, the following ticket was nominated, without much opposition:

Alderman—Caleb Wall.
Councillor 2 yrs.—D. Fischback.
Councillor 1 yr.—W. A. Noyes.
Justice of the Peace—Joseph B. Lathrop.
R. R. Commissioner—John Spoerl.
Constable—William Schnoeckel.

FIRST WARD DEMOCRATIC NOMINATIONS.—The following ticket was nominated at the First Ward Caucus, yesterday afternoon:

Alderman—H. W. GUNNISON.
Councillor—JOHN EASH.
Constable—JOHN SCHEFFEL.
Justice—EDWARD KENEFECK.
R. R. Commissioner—P. ACKER.

NAVIGATION OPEN.—Our citizens were agreeably surprised, yesterday morning, by the sound of the whistle of the *Grey Eagle*, Capt. Harris, from Galena. This arrival is the earliest on record. We believe the nearest approach is the 28th of March, some years back. The enterprise of Capt. Harris in thus forcing his boat through Lake Pepin, is fully appreciated by our citizens. Hundreds called upon him yesterday to tender their congratulations, while the Common Council manifested their sense of his enterprise by granting him the privileges of the levee free for the season. In the evening a few of the older citizens invited Capt. Harris to an entertainment at the Merchant's Hotel, which was presided over by Gov. Sibley; whereof we shall have more to say to-morrow.

The *Grey Eagle* leaves this morning for Galena, at 10 o'clock.—*St. Paul Pioneer*, March 26th.

AFFRAY IN A RAILROAD CAR.—The Detroit *Advertiser* has an account of an affray on the Cleveland Express, on the Detroit and Toledo Railroad, which came near resulting in murder. A gentlemanly looking individual took the train at Toledo, and offered a ticket on the Southern Road. This was refused, and the conductor gave him to understand that he must either pay his fare—80 cents—or be put off. The fellow replied that it might be rather ticklish business to put him off, and while they were talking the matter over, he was fumbling over the contents of a carpet bag, as if for the purpose of getting some paper, but really to get a Colt's revolver, which he concealed under his coat. Considerable conversation was had, and as the man did not appear disposed to pay, the conductor directed the baggageman to put him off. He no sooner moved towards the fellow, than the latter drew the pistol and presented it at him. Both the conductor and the baggageman sprang upon him, and succeeded in getting him down upon the seat. During the melee the pistol was discharged, the ball passing through the bottom of the seat immediately forward, and out through the floor of the car. The man was afterwards put off the train, and left on the track. Steps have been taken by the Company to have him arrested.

Mississippi open to St. Paul.

GALENA, March 25.

Lake Pepin is now certainly open, and navigation is unimpeded to St. Paul. The steamer Kolley, the first down, arrived here from St. Paul on Saturday. She left St. Paul on the 25th.—The Galena leaves for St. Paul to day.

The Hamburgh has been sunk in Lake Pepin, and the Tishimingo is sunk on the Lower Rapids.

From South America.

NEW YORK, March 30.

The latest news per *City of Baltimore* contains something of moment from South America. The Montevedean Government troops had beaten the opposition 80 miles from the city, capturing their commander and many others, all of whom were shot.

COMMON COUNCIL MEETING.—A regular meeting of the Common Council was held on Monday night. Mayor Cross presided, and there was quite a full attendance of members of the Board.

Petitions, accounts, &c., were presented and referred in the usual manner.

Alderman Cotzhausen tendered his resignation as Alderman of the Second Ward. Alderman McCormick moved that the resignation be not accepted, but afterwards withdrew his motion, when the resignation of Ald. Cotzhausen was accepted.

The Mayor appointed Hiram Bond to act in all the Committees of which Ald. Taylor had been a member.

A communication from the Comptroller was read and referred to the Finance Committee.

The Special Committee to whom had been referred the petition of Peter Dormot, reported in favor of paying the petitioner the sum of $600 as a compensation for injuries received by being thrown from a wagon in the Fifth Ward, on account of the bad condition of one of the streets in that Ward. The report was concurred in. A resolution was offered to have the amount charged to the Fifth Ward fund. Upon this subject a lengthy discussion took place, the details of which would not be particularly interesting. The resolution was negatived by a very large vote, and an appropriation made to pay the amount of the general city fund.

A communication from Alderman Prentiss tendering his resignation as Alderman of the 7th Ward was read: Alderman McCormick objected to the Alderman from the 7th Ward's resigning, and moved that the communication be laid upon the table. He thought, if Aldermen kept on "resigning in that way, in the hopes of attaining positions which they can never occupy," said the Tax eating Alderman, "we shall be left without a quorum here." (Wonder if the gentleman from the 3d, in his laudable desire to avert the catastrophe of having the Council left without a quorum, does not remember the evening, when *certain* members sneaked out, and left the Council "without a quorum," in order that the Harbor plot, to defraud the people out of $60,000 or so, might not be defeated? what a striking coincidence!)

Ald. Mallory (looking very knowingly) would like to have the gentleman explain to the Council, his reasons for resigning. He thought, it was very publicly known, what the gentleman's reason for resigning was, but he would like to have him, give an explanation to the Council.

Ald. Prentiss questioned the right of members to object to his resigning, or calling upon him to give a reason for such resignation. No member could be compelled to sit against his will.—He might file his resignation with the Clerk, or he might tender it to the Council, and in no event, could he be compelled to occupy his seat unwillingly, or assign a reason for his resignation. There is to be an election, on the 6th of April, said Ald. Prentiss, and I intend to keep my seat here until the 4th. Alderman McCormick's resolution was defeated, and the resignation of Ald. Prentiss accepted.

The committee on Police, reported in favor of granting the petition, to release Martin Doolin from jail. The report was concurred in.

A communication from W. H. Holland and others, asking privilege to organize a new Hose Company was referred to the Committee on Fire Department.

The Select committee, to whom had been referred the account of J. F. Burchard, for furnishing the Council room, reported that they found the account correct; that the articles were ordered by the Mayor, save the $800 desk, which the committee assert was ordered by Ald. Taylor. The committee recommended that the account be paid. The report was concurred in, and the account allowed. The amount of the account is $2,278.

A petition, asking the Council to remit the fine imposed upon John Connell, amounting to $26, for being drunk and disorderly, was granted. The petition was accompanied by a recommendation from the Police Justice.

An ordinance was passed establishing a wood and hay market, in each of the following wards:—In the 2d ward, Poplar, between 4th and 5th streets; in the 3d ward, Chicago, between East Water and Milwaukee streets; in the 4th ward, Wells, between 2d and 3d streets, and in the 7th ward, Market St., between Martin and Division streets. Ald. Prentiss moved to strike out that part relating to the 7th ward. After considerable debating the motion was tabled, and the ordinance passed.

Alderman Hadley, from the Committee to whom the report of the "Tax-Payers Committee" had been referred, read to the Council a very lengthy discourse upon the subject of high taxation and tax-eating generally. It is extremely voluminous, and in principles decidedly of the tax-eating stripe. It is purely an election document, and as it is pretty generally understood that it will be published in pamphlet form for distribution the day before election, we don't propose to bother our reader's brains with a sketch of it. When its delivery was commenced Ald. Prentiss alluded to the amount of dredging yet to be done before there would be 14 feet of water in the straight cut, as called for by the contract.

Ald. Reed stated that the straight cut would yet have to be filled up, as it never could be kept open.

Ald. Hadley explained that the Harbor had not filled up. Soundings taken at different times have shown conclusively that the bottom was not a shifting one.

The amendment of Ald. Prentiss was then put and carried.

The preamble and resolutions were then put, and on a call for the ayes and noes were carried.

Ald Plankinton offered a resolution to issue to Capt. Simms city orders to the amount of $5,000 for dredging in the river. Resolution carried.

Resolution to print in English and German 600 copies of act to punish illegal voting, and to have them distributed and posted up in the most conspicuous places near the polls, on the day of election—passed.

Resolution that City Treasurer give new bonds to the amount of $100,000, for the faithful performance of his duties, &c. Resolution put and carried.

Report of Bridge Committee read and concurred in.

Ald. Hadley moved that when the Council adjourn it be to next Friday evening.

Council adjourned to that time.

GONE FOR GOOD.—The Milwaukee *Sentinel*, in a new list of vessels in that port, puts down the *White Cloud* again as belonging to Milwaukee.—We guess she is gone this time. They don't let a vessel lay in that river all winter for nothing.

Mr. *Sentinel*, if we should go over to Milwaukee to see by what process you have got our pet craft, will it be safe to take any baggage along? May we ever be certain of getting away safe ourself? If, on going to bed at night, may we dare to put our boots outside to be blacked?—Please answer these few questions, for we really want to go there once again—only once, and be sure of getting away.—*Green Bay Advocate*.

Mr. *Advocate*, your questions shall be answered categorically. 1—Bring some baggage with you, by all means. We have noticed the *Advocate* man, about town here, once or twice of late, and though he never brought any baggage with him, he always managed to take some away. 2—You may be quite certain of "getting away" again. Our Police attend to that. They shipped off three to Chicago last week. 3—We should not advise putting your "boots outside," if there are as many snakes in them as when you last visited Milwaukee.

CREDIT TO WHOM IT IS DUE.—In speaking of Mr. Crapo's elegant daguerrean gallery yesterday, we neglected to say that the decorating, paper-hanging &c., which set off this "temple of art" to so much advantage, was done by Messrs. J. J. McGrath & Co., of Wisconsin street. Like everything that McGrath does, this is well done, and if any of our readers, should want to have anything in his line done neatly, cheaply, and with dispatch, he is the very individual who will suit them. Mr. McGrath is a practical workman, and everything done by the firm is personally superintended by himself. Another very creditable piece of workmanship done by Messrs. McGrath & Co., is the decorating of Mr. Horn's new picture gallery in the Empire block. Indeed, it is quite unnecessary to allude to any particular job of theirs, to illustrate the manner in which they do work, for exhibitions of their handy craft in the ornamental, and decorating line, are very numerous in our city, and they speak for themselves too.

THE MILWAUKEE COMMERCIAL COLLEGE.—We published a notice yesterday morning of the dissolution of the firm of Messrs. BAYLIES & LINCOLN, proprietors of this institution. Mr. BAYLISS' withdrawal from the firm, will not interfere, we are pleased to learn, with the management of this excellent institution. It will be conducted as usual by Mr. LINCOLN, assisted by other capable and efficient instructors. It is the intention of Mr. LINCOLN to fully sustain the reputation which the Commercial College has gained in times past, and from the well-known abil ty of the gentleman, we do not anticipate that the institution will lose its wide spread popularity while under his exclusive management.

HUMBOLDT BRIDGE ROAD.—It being within a week of the election, we understand that Alderman HADLEY has set Deacon Hale at work again, in the street leading to the $13,000 bridge across the Milwaukee river, just below the dam; and that our worthy friend, Peter Bradley, proposes now to make the street on the West side of the River. How many elections will have to pass before the road will be passable to that Bridge, we are a little curious to know. Can Ald. HADLEY tell whether the road will be made so that the Bridge can be reached by a hand-cart before it rots down?

OPPOSITION SALOON.—This establishment, which is located in the 6th Ward near the Depot of the Lake Shore R. R., will hereafter be conducted by Mr. Byron Smith, the old firm having been dissolved, as will be seen by a notice elsewhere.—Mr. Smith is an old hand in the Saloon business and a right clever fellow into the bargain. He keeps a choice selection of wines, liquors, and cigars, which to be appreciated must be tested.

SPLENDID CATTLE.—Mr. Leyton, exhibited in our streets yesterday, some choice specimens of fat cattle. There was four fine bullocks, their average weight being 2,000 lbs, and a splendid Durham heifer, which weighed over 1,800 lbs. They were decorated with ribbons and flowers in the most approved old country style, and they attracted no little attention, as they were driven through the street.

RUN OVER.—Mr. Baylies, of the firm of Baylies & Lincoln, of the Commercial College, was accidently run over yesterday forenoon, on the corner of Wisconsin and East Water Streets. Mr. Baylies was crossing the street, when a horse and buggy, driven by a son of Mr. Davis, of the firm of Davis & Moore, came down Wisconsin Street at a fast gait, the wheels of the buggy striking him down and passing partly over him. He was stunned by the blow, but otherwise uninjured.

RECOLLECT.—If anybody asks you to do anything silly to-morrow, recollect that it is April Fool day.—*Wisconsin*, of last evening.

Well that's the silliest saying we have heard yet, to say that the 31st of March was "April Fool Day." Anybody but a very April fool would know better than that!

REMOVAL.—Messrs. HERTS & Co., Auctioneers, have removed their place of business to the store lately occupied by Jones & Baker, on East Water street, next door to the celebrated "old corner store." Messrs. Herts & Co., have a word to say to the public through our advertising columns this morning. Hear them for their cause &c.

PRAYER MEETING.—Young Men's Morning Prayer Meetings are being held at the Young Men's Association Room, first door north of the Newhall House in Main St. It is to be continued daily 1-2 o'clock, A. M., and is exclusively under the management of young men.

RUSH MEDICAL COLLEGE.—At the annual commencement of Rush Medical College, on the 17th ult., the Honorary degree of Doctor of Medicine was conferred upon Dr. Waldo W. Lake of this city.

☞ Mr. N. K. Grant has been appointed General Freight Agent of the Milwaukee and Chicago Railroad. He was formerly Freight Agent on the Watertown road.

AUCTION SALE.—There will be a sale of Dry Goods at the "Bee Hive," by HERTS & Co., on Wednesday 31st inst., at 2½ P. M. For ladies exclusively.

☞ Daniel Shultz, Chief Engineer of the Fire Department, whose salary has been cut off by the amendments, has been suggested as one of the Street Commissioners. If it should be thought best to nominate him, we should support him cheerfully.—*Free Democrat*.

And so would we. The city could not easily obtain a more faithful, competent and zealous officer than Mr. SCHULTZ would make.

POLICE COURT—Yesterday.—There was nothing done in the Police Court, yesterday, and but one arrest made during the day.

Milwaukee Market.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, March 31, 1858.

Received by M. & M. R. R., March 30—845 bbls flour, 6,484 bus wheat, 554 do oats, 641 do barley, 134 do potatoes, 945 lbs hides, and 960 lbs pork.

By Mil. & Mad. R. R.—1,800 bus wheat, 628 bbls flour, 1,070 bus oats, 168 bus potatoes, 16 bbls eggs, 550 lbs rags, 529 lbs hides, 800 lbs pork, 220 lbs lard, 168 bus corn.

By Mil. & Hor. R. R.—1,967 bus wheat, 140 bus oats, 21 bus beans.

Receipts of produce increase as traveling improves.—The receipts, yesterday, were considerably larger than for several days past. We need not, however, look for very heavy receipts, unless the market prices improve considerably, until after the spring crops are in the ground. For a few weeks to come, farmers will have their hands full in preparing their ground and sowing their crops. In the market figures of yesterday we have no change to notice. There is a tolerably active inquiry for good milling club wheat, but winter wheat is duller, and only the choicest samples in demand.

FLOUR—There is a moderate demand for home consumption, at $3@5,25 for spring extras, country brands, and $5,25@6,50 for winter wheat, from medium to extra.

WHEAT—The demand for choice lots of wheat continues brisk. We quote No. 1 spring at 61@63c, and 65@67 from good to extra. Winter wheat is not so active. The range for red and white is 70@85c.

FREIGHTS—The propeller *Ogdensburgh* is chartered to take a cargo of flour to Ogdensburgh for 40 cents. We heard of no new charters, yesterday. Holders will not advance on their offers, and vessel owners still hold back. The nominal rate is 40c on flour, and 16c on wheat to Buffalo.

RYE—In fair request at 43@50 for medium to choice.

BARLEY—Is quite dull at 30@40.

OATS—The receipts are large, and the demand fair a 25@26c.

CLEARED.

Steamer Cleveland, Dougal, Two Rivers, 10 t mdse, 20 pass, 150 dry hides.
Schooner Guido Johnson, Saud Bay.

☞ The schooner *G. D. Norris* has been hauled upon the dry dock, near Walker's Point Bridge, for repairs.

☞ The schooner *Norway* is loaded with wheat and flour for Buffalo, for which place she starts in the course of a few days.

The schooner *Milwaukee Belle* is also loaded for the same port, and she will leave here about Saturday or Monday next.

STEAMERS PLANET AND TRAVELER.—These splendid steamers are soon to be put upon the usual summer evening line between here and Chicago. The *Planet* is being thoroughly overhauled, repainted, &c., and will be ready to take her place in that line in about two weeks. As soon as the weather becomes a little warmer, it will be the most attractive route to Chicago. They are to be run by the Milwaukee & Chicago Railroad Company, and in Chicago they are to land hereafter at the dock of the Michigan Central Railroad Co. Here they will probably land at Kellogg & Strong's.

MARINE INTELLIGENCE.

COLLINGWOOD FROLLICKS.—The details of the arrangement for running a line of propellers between Chicago and Collingwood, were settled at Detroit on Friday. T. Spencer & Co. are the agents in this city, their office to be at the landing foot of Lasalle street. The season's running is from May 1st to Dec. 1st, but the propeller *Ontonagon* makes a trip from here day after to-morrow, 1st April. It necessary to make the line bi-weekly, a fifth propeller is to be put on.—*Chicago Tribune*.

FROM THE STRAITS.—Robt. Meadowcraft, of this city, received a letter from Mackinac, dated the 10th, which says that the ice between that point and Sheboygan River was quite heavy, and that they were crossing with teams. It is a matter of some doubt, therefore, about the Straits being open yet.—*Ibid*.

DIED.

On Monday, March 29th, of inflammation of the lungs GEORGE, son of Mathew and Fanny Middlewood.

The friends of the family are respectfully invited to attend the funeral at 10 o'clock this (Wednesday) morning

Congressional.

WASHINGTON, March 30.

SENATE.—Nothing of interest took place during the morning, except the presentation by Mr. Doolittle of the Joint Resolution of the Wisconsin Legislature, in favor of the admission of Minnesota.

Considerable time was occupied in amending the bill valuing the land required for the Washington Aqueduct, when it was passed at 1 o'clock.

Mr. Hale moved that instead of the Minnesota bill being taken up, the Senate go into Executive session on the appointment of a Marshal for the District of Colombia, saying that it was a shame that the Government wheels of the District should be stopped.

Mr. Wright of N. J., presented a petition from the citizens of N. Y. in favor of granting the public lands to actual settlers.

A communication from the Secretary of War recommending the printing of 1500 of Emory's exploration for a wagon road from Fort Degauce to California, was referred to the com. on printing.

An adverse report was made upon the petition of certain sailors of the steam frigate Missouri, for remuneration for the loss of clothing burned with that ship at Gibraltar in 1843.

A report from the Secretary of War in reply to a resolution heretofore adopted, says that the department has no information respecting the massacre of emigrants at Meadow Mountain, Utah Territory, and consequently has taken no steps to punish the offenders.

Mr. Johnson of Arkansas, introduced an important bill in relation to the public printing.

No legislative business was transacted in the Senate to day.

Adjourned.

HOUSE.—The House went into committee on the deficiency appropriation bill.

Mr. Boocock said that 28 gentlemen desired to express their views on the Kansas question, as only two days would elapse before the bill would be up. He thought it proper to state the fact in order that members might govern themselves accordingly.

Mr. Sandige of Louisiana, spoke for an hour in defence of southern society and institutions.

Mr. Walbridge of Mich., made a speech in opposition to Lecompton.

Mr. Leidy of Pa., made a speech in favor of the Lecompton Constitution.

Mr. Davis, of Mo., asserted that there should be an enabling act, and that there was no legal authority vested in the Territorial Legislatures to authorize the formation of a State Government. He was astonished that the President advised the admission of Kansas under the Lecompton Constitution as the shortest possible way to settle the difficulty. Was it not known that the first Legislature was usurped and that the people from that day to this, were required to recognize the laws emanating from the Territorial Legislature, having no opportunity to express their opinion on the laws which were to govern them, and have been prevented by the minority backed by the military power under such circumstances?

He believed that the people of Maryland would resist, and that the people of Kansas ought to resist if better counsels shall not prevail. Turn out any Legislature which may attempt to force a Constitution upon them. We ought to suppose that they will resist. They ought not to drive them on to a mad revolutionary course, but to let them pursue the peaceful course, they are inclined to follow. Give them opportunity of expressing their will, as to the laws under which they are to live, whether they present themselves with a Constitution, with or without slavery, is immaterial, allow them to come in in a proper form and at a proper time, then admit them into the conference of States.

Mr. Clay of Kentucky, advocated the Lecompton Constitution.

He regarded slavery as the foundation of all this difficulty, and in this connection of his remarks, denied that his father was the author of the Missouri Compromise.

Mr. Campbell of Ohio, in reply to a remark of Mr. Clays, in condemnation of the course of Northern men, read an extract from Henry Clay's speech in 1827 against the extension of slavery.

Mr. Clay doubted not, but Mr. Campbell had quoted correctly from the speech, but he would tell him that his father believed, that the Missouri Compromise was no longer operative. Give us something better, which was the doctrine of non-intervention by Congress in the affairs of the Territory, leaving the people to form their own institutions.

Mr. Campbell replied that he learned in boyhood his first lesson from Henry Clay, and acting upon the principle announced by that distinguished statesman that slavery ought not to be extended over free territory. He opposed the repeal of the Missouri Compromise.

Mr. Clay regretted that Mr. Campbell had used his father's name.

Mr. Campbell replied that he did it with respect.

Mr. Clay thanked the gentleman. Ever since he arrived at manhood attempts had been made to put him down in his father's name. The effort had failed in Kentucky, and he hoped to sustain himself in his present position and every where else.

Mr. Campbell disavowed any disposition to put the gentleman down. He only wished to show that he concurred in the father's and not the son's views.

Mr. Clay—Very well.

Mr. Hamlin, of Ohio, argued against the Lecompton Constitution.

Mr. Underwood, of Ky., opposed the Kansas bill. He said no improper motives should be alluded to him, for he was a Southern man by birth—a large Slaveholder, and in favor of the extension of Slavery, but he maintained that the Legislature had no power to subvert the Territorial Government, and that the people, by an overwhelming majority, opposed the Lecompton Constitution.

Admit Kansas under it and the public commotion will be deeper than any heretofore known. It will not be confined to Kansas, but will extend through the North and West until every hamlet and every city has become a scene of excitement. Do justice to Kansas and let her people regulate their constitutions in their own way, and peace will prevail.

Mr. Hoard of New York, made a speech against the extension of slavery. Adjourned.

The Anti-Lecompton Caucus.

WASHINGTON, March 30.

The Anti-Lecompton members met at a late hour last night to hear the report of the caucus committee of 10, on their part, who had just been in consultation with the Lecomptonites.—They reported that nothing could be done, and that no propositions were made of any kind which could be accepted. The Anti-Lecompton committee men will be authorized to present the Crittenden amendment a little modified, as a proposition, but it was not accepted. Their other propositions shared a like fate. It is represented that there is good feeling and perfect unity among the Anti-Lecomptonites. They think that Mr. English has been wronged by the imputations of newspapers. On his good faith was tendered the olive branch to other Democrats, that he will stand by the Crittenden amendments.

Lieut. Beale's Expedition.

The camels were working as satisfactorily as ever, and did not suffer the slightest damage from the extreme cold weather. He expected to report in person to the Secretary of War early this month, but he has not yet arrived.

The Charter Election—Candidates.

Candidates for Street Commissioners are springing up in all directions. Each Ward has two or three favorites, and the number of public-spirited citizens who are willing to serve in that capacity, and who think themselves fit for, and deserving of the office, is legion. For the other City Offices, the competition is not so active, though there is no lack of candidates for any one of them. It is quite evident, however, that there is just one possible chance of success for any of these numerous candidates, and that is, a nomination on the Reform City Ticket, and a cordial support by the Tax-Payers at the election. It is unnecessary to say that the Tax-Eaters will not only be unanimous, but active and unscrupulous, in support of *their* nominees. Having been defeated on the Charter Amendments, to lose the City Offices also, would be destructive to the Tax-Eating tribe. They are preparing, therefore, to make the most desperate efforts to retain their power in the City Councils, and they will succeed, unless entire harmony of counsel and unity of action prevail among the Tax-Payers.

The *News* decides the idea that the approaching Charter election is one of unusual importance. The Tax-Eaters, generally, talk in the same strain. They would fain persuade the "dear People," that there is no need of getting excited about our City Affairs, and that it will be perfectly safe to entrust their management for another year, to the same sort and set, who have conducted them with so much honesty, economy and efficiency during the past three or four years. Tax-Payers, however, turn a deaf ear to these charmers, and are intent upon a' *sleeping Reform*. There is but one way, nevertheless, in which this can be effected. We must unite, cordially and unreservedly, upon *one* ticket. To effect this, a Peoples' Mass Convention is called for Friday night. Meantime, let every man take counsel with his neighbor, talk over the various candidates, and, as far as possible, settle down upon the right men for the several offices. And let every candidate cheerfully waive any supposed claims to office, and unreservedly abide by the result of the Popular Conference. In this way we may secure UNION, and without union, success is impossible.

"Oily Gammon," Again.

On the 14th of January last, a Committee, appointed at a previous meeting of Tax-Payers, submitted an able report, going very fully into the financial management of the City for the past three or four years, and demonstrating conclusively that waste, extravagance, carelessness and corruption had been the rule, rather than the exception, in the administration of our affairs. This Report was immediately printed, and widely circulated among our citizens. At a meeting of the Council, a few days afterwards, Ald. HADLEY moved the appointment of a Select Committee to examine and answer the Report of the Tax-Payers' Committee. The Report was adopted, and Ald. HADLEY appointed Chairman of this Whitewashing Committee.—Two months and a half elapsed, and Ald HADLEY's Committee made no sign. But the near approach of the Election, and the impossibility of going to the People with that damaging Tax-Payers' Report unanswered, have at length extorted a reply from HADLEY & Co. It was read to the Council Monday night, and ordered published. Why it was withheld so long, the public, who understand Ald. HADLEY's manœuvres, will be at no loss to guess. If published several weeks since, ample time would have been afforded to answer its sophistries, expose its mis-statements, and re-affirm the positions of the Tax-Payers' Report. But by holding it back till the eve of election, HADLEY & Co. calculate that there will be no opportunity for reply, and therefore that it will be assumed as a complete defence. Possibly this agreeable expectation might be gratified if the People did not, by this time, thoroughly comprehend the character and tactics of our Aldermanic Oily Gammon.

HOW CORRUPTION CONTRIBUTED TO THE ELECTION OF POTTER IN 1856.—Those who have read Mr. Kilbourn's testimony, will recollect that one of the corrupt appliances used to secure the grant, was the election of John F. Potter to Congress—*News* of yesterday.

Those who remember the incidents of the election in 1856, will be both amazed and amused at this paragraph in the *News*—amazed at its impudence, and amused at its stupidity. The "corruption" was all on the side of Mr. HADLEY, but signally failed to contribute to his election.

LIGHTING A CITY IN A TWINKLING.—A recent and most valuable discovery is about to be exhibited at Washington, through which the gas burners may be lighted by electricity. The discoverer states that he can attach his apparatus to the street lamps of an entire city, and then by the turn of a screw, ignite the jets of all of them in an instant of time, and extinguish them by the same process. Of course the same thing can be done with the lights of a public building; or the apparatus can be so arranged that (in a hotel, for instance) matches may be dispensed with, and any single burner, or any given number of them, may lighted at will by electricity.

THE WEATHER ON LAKE SUPERIOR.—The lake Superior *Miner* of the 13th, under the caption of "rain in March" says: This very unusual phenomenon has been witnessed during the past week. The shower commenced on the afternoon of the 10th inst., and continued with occasional intervals, until near midnight, when the wind changing, it again commenced freezing. This unexpected event came well nigh spoiling our sleighing here, though it still remains good on the range.

APPLAUSE IN THE WRONG PLACE.—A Washington correspondent of the *Herald*, in an allusion to a Lecompton speech in the House by Mr. Bishop of Connecticut, says:

His allusions to crime and pauperism in New-England, as compared with similar evils in the South, were received with frequent bursts of applause."

MR. BISHOP, we think, must have blushed in spite of himself, on hearing Southern members applaud him while traducing the People and Institutions of his native New England. We know of nothing more abject in the history of Northern Doughfacism, than this conduct of Mr. BISHOP.

RENTS.—In the Buffalo *Express* we find a large number of dwelling houses advertised for rent, the prices being attached to the advertisements. Of thirty-five brick dwellings thus advertised, but twenty are over $200 per year rent, and only thirteen exceeded $260 per annum each. Of forty-three frame dwellings, only four exceeded $200 yearly rent, and only thirteen were held at over $150 each. A real estate agent advertises forty-four dwelling houses in the same city, only twelve of which exceed $200 rent, and the rents of twenty nine are placed at figures not above $150 per annum.

EXECUTIVE CORRUPTION BOASTED.—The Lecompton Democrats, says the Washington correspondent of the Philadelphia *Journal*, "openly boast that an immense Executive patronage will prove irresistible" in forcing the Kansas bill through the House. Nobody doubts that this means will be liberally used for that purpose.

"PAINFUL."—The Washington Union says: "It was painful to the old friends of Judge Douglas to see and hear him on Monday evening in the Senate Chamber." We have no doubt of it. His blows were well laid on.

Correspondence of the Sentinel.

A letter from Ex-Alderman Taylor.

SAN FRANCISCO, March 3d, 1858.

MESSRS. EDITORS:—You will please do me the justice to publish this communication in your paper. Mr. S. M. BOOTH has published an article in this paper, saying that I had done him great wrong, in causing a tax to be levied on his building of $15.50, for repairing a street, when no repairs, to his knowledge, were made; and he supposes this to be a specimen of the balance of the Taxes in the Fourth Ward. I must differ with Mr. BOOTH about this. All other lots in the Fourth Ward, except his, were taxed for the amount of work that was done; but his lot was not taxed. You will recollect that the West end of Spring Street Bridge gave way last summer, and it was repaired; Mr. BOOTH was there several times while the repairs were going on, and no doubt remembers all about it. Now the amount that should have been charged to his building, was $68; but, as he had built a good block, which was a benefit to the Ward, I let him off for $15.50. I will admit, Mr. Editor, that I should be censured for favoring him, and paying *his* tax from the Bridge Fund. Good enough for my friend BOOTH. I will not do so again.

Now, in reference to that indictment against me. There is a screw loose somewhere. Some little imp, in the shape of a man, has perjured himself, as I will make appear. This little fellow must have fell from grace within the last 3 or 4 years, when he reported that COMSTOCK wanted to bribe him to swear false, but he was so honest and so pure that CHUBB COMSTOCK could not corrupt him.

Mr. WHITEHEAD did not make the Tax List, that Mr. BOOTH and himself have so much to say about. I made it myself from the minutes of the number of loads and the amount of work done by the Contractor and others under his contract, which was PHELPS and PRICE and JOHN DURBIN. But Mr. WHITEHEAD copied the Tax list, although he may not recollect, as he was so full of rum them days, that he made so many mistakes, when I come to examine it, I had to get it copied again, which he done. But all was done from pure spite, as he wanted me to urge on HADLEY and KUHN to audit an account for him for $1,500 that he claimed was due him from the city, when the Finance Committee audited an account for him of $350, just before he went out of office, but while Clerk, and he had the City Order made out for $600, and then got J. B. EDWARDS, then City Comptroller, to alter his books to correspond, to this order, as by reference to the Books will appear. * * * * *

I shall be home in May. Yours, &c.

Strawberry Culture, &c.

MR. EDITOR:—I wish to make a few remarks through your paper, to every man who owns and cultivates a half acre, or more of land.

I have had five or six years experience in the culture of strawberries in this State, and I have enjoyed the luxury of having fine ripe strawberries, at a time of the year when there is but little other fruit to be had; and wishing that all who desire it may enjoy the same luxury, is the particular reason which I have for calling attention to this subject. If properly cared for, the plant will bear good fruit, and a full crop, the second year after planting. Any soil that will produce good corn and potatoes, will produce a good crop of strawberries. The soil should be stirred a good deal, and then dragged, or raked. The plants should then be set in rows about *two feet* apart, and a foot or a foot and a half in the row. Each variety should be set by itself, and if you wish large fruit, keep them well hoed, and the runners cut off.

They should be covered with straw or leaves the first of the winter. This should be raked off in the early spring, and the ground hoed twice before the fruit is set, and then the litter scattered around the plants to prevent the fruit from being gritty.

The best time to set plants, shrubs or fruit trees, in this latitude, according to my experience, is April and May. Varieties that have done well with me are Large Early Scarlet, Burre, New Pine, Neuk Pine, and McAvoy's Superior. The Large Early Scarlet is a staminate variety and a good bearer, and serves as a fertilizer to other varieties, and unless you have this, or some other staminate variety in the bed, you may have fine thrifty plants and they may blossom full, but when you come to look for fruit there is none, or very little there; a row of staminate plants once in ten or twelve feet will be sufficient.

And now, Mr. Editor, a word about apples, for this fruit can be had nearly the whole year; I would say to every man that has not a supply set out, to set at least a half dozen this spring, and take good care of them, and as many more as his circumstances will permit. I don't know of any way to prevent the tens of thousand dollars from being sent out of this State every year for fruit, only to raise more of it here.

HORTICULTURIST.

SHRIEKS OF THE TAX-EATERS.—The *News* continues its attacks upon those of our Tax-Payers who aided in the framing and passing of the Charter Amendments. Its leader, yesterday, is devoted to their benefit, and they are denounced and traduced after this angry fashion:

There can be no debate, in the mind of any man, as to the impolicy, to use no stronger word, of the view taken of affairs by the "reformers;" and the course that they pursue, and urge the city to adopt, is equally detrimental to the public interests. Conduct, such as has been witnessed in the leaders of the opposition, should, as it will, consign them, not to oblivion, but to a state of consciousness of contempt. Such views as have been expressed by the malcontents, at various times, in Albany Hall, are nothing less than the jargon of traitors. We do not mean traitors to the Democratic party—though that they may be—but the men who have stood up in this city, as they probably will again, to slander the public officers, attack the city's credit, and predict her downfall—they are traitors, and will be regarded as such at the polls at the coming election, and so long as their memory remains.

We cannot blame the Tax-Eaters and their organ for feeling vexed, disgusted and disappointed at the passage of the Charter Amendments, which have cut short their porquisites and profits, but we question the policy of so openly showing their teeth and temper at those who have rendered our city such good service. The men who bore the brunt of this fight, instead of being "regarded as traitors," will be long and gratefully remembered by every Tax-Payer of Milwaukee. The venomous attacks of the *News* will only serve to raise them still higher in the estimation and regard of all good citizens.

AFFECTING PROCESSION.—Yesterday afternoon an imposing spectacle was witnessed in the city. It was on the occasion of the burial of Peter Martin, who belonged to Fire Co. No. 2. The engine, and the brakes of which when in life he had gone, at the brakes of which he had often manfully worked, was shrouded in black crape before its house. All the four fire companies wore badges of mourning, and their neat and orderly appearance was much remarked.

The procession was headed with the present and elected Chief Engineers of the Fire Department, with their assistants; then followed Mayor Bird and Police Justice Braley; the Cross Plains Band came next, playing a musical and solemn dirge; and then the Mendota Co. No. 2, Hook and Ladder Co., the hearse, with members of Monona Co. No. 2, walking by its side, and one of them walking after, bearing the fire cap of the departed, the rest following, and after them members of Sack Co. No. 1, long lines of mourners in plain clothes, the brother of the deceased, and a lengthy string of vehicles.

The officers of the several fire companies had their trumpets draped with crape, and the banners of the companies were invested with mournful emblems.

It was an impressive demonstration, and such a funeral ceremony has never before been seen in this city. The members of the several fire companies have done themselves much credit by their appearance and behavior on yesterday afternoon. The weather was exceedingly fine and the

Firemen's remains attended with hope,
Were soon in the cold earth laid;
One hand less will take hold of the rope,
When the next alarm is made.

Destructive Fire at Pittsburg—Fort Pitt Cannon Foundry Burned.

From the Pittsburg Gazette, 29th.

The immense cannon foundry known as the Fort Pitt works was destroyed on Thursday morning. The fire broke out about 4 o'clock, and the whole extensive square occupied by these celebrated works was laid in ruins in a few hours. These works have enjoyed a just celebrity for a long time, from the great superiority of their manufactures. The quality of metal from which their guns are made, exhibited just as nearly as possible, it is said, the just conditions and balance of hardness and tenacity. The establishment was owned, we believe, by Messrs. Knapp, Wade & Totton.

Those works were situated in the Fifth Ward, and covered a whole square of more than 400 feet in length, by 200 in width, extending from O'Hara Street to Walnut Street in the longest part, and from the Alleghany to Etna Street. The works consisted of several different buildings, connected together by an immense boiler-yard, through which railway tracks were laid to convey the pond erous iron from place to place, as desirable. The fire was discovered in the engine-house, a brick building which has stood for more than 22 years. This building was 175 feet long by 35 wide, four stories in height, and full of valuable machinery. The second story was full of patterns of the most choice description. These can be replaced only by an immense expense of time and money.

When the fire was fully under way, it was but little use to try to stop it. It raged among materials that are usually proof against the devouring element, but what was not burned was ruined. The great cannon-boring department of the works went next, a huge building, stored with the rarest machinery, some of it of the most ponderous kind. The office was fortunately fire-proof, and so the books and papers of this great establishment were saved.

The losses are estimated as follows:

Engine shop or house	$18,000
Boiler and smith shop	50,000
Foundry	15,000
Cannon-boring mill	10,000
Patterns and machines	35,000
Total	$128,000
Insurance	37,500

This is merely an estimate of the immediate loss. If one could count the cost of the immense number of valuable patterns and drafts which were destroyed, the work rendered useless and the vast amount of business hindered, probably a larger sum would not wholly cover the loss.

We are informed that the enterprising firm who have the hearty sympathy of all our citizens, will commence the work of rebuilding as soon as they can; probably next week will see the first blows struck on the new structure. We are informed that a contract to the amount of $150,000 had just been entered into which this catastrophe will interfere with, to say the least, though we trust it may not defeat it.

This is the severest fire that has occurred in Pittsburg since the awful conflagration of 1845.

The Ladies and Senator Douglas.

The throng of ladies in the Senate Chamber on Monday, during the speech of Mr. Douglas, is thus alluded to by the correspondent of the Albany *Argus*:

"I am told that lady Napier and Ossely were both so much interested in the forthcoming spectacle that they even *carried their dinners*, and actually remained from 10 A. M. to 11 P. M. Other ladies did the same thing, as I hear reported. In fact, one was obliged to stay after one got in, or go out and lose all hope of getting back—such was the crowd.

When the Senate re-assembled at 7 o'clock, after its recess, the galleries were as full as a box of sardines is of fish, only worse packed and jammed, and a crowd hung like an old gentleman's pig-tail around every gallery door. It was actually a measure of charity that the Senate did in opening its doors, and admitting the ladies who could not get in elsewhere to a seat in the Senator's chairs.

The fair, but not less considerate visitors, at once appropriated every available seat, leaving the Senators to perch on railings, squat on the floor or sit as they could,—some of the members of the House actually did take it Turk or Taylor fashion, and sat down on the carpet. The feeling with which Senator Douglas was regarded by a large number of those present, could be judged by the applause which greeted him from the galleries, in violation of Senatorial propriety upon his entrance, and from the attempts at the repetition of it during his speech, checked at last only by the assurance of the Vice President that the galleries would be cleared if the offence was repeated.

Mrs. Douglas and her mother sat in the reporter's gallery,—the centre to which all eyes were turned in order to gaze upon the beautiful, commanding and winning person of Mrs. Douglas."

OPENING OF NAVIGATION ON THE ILLINOIS AND MICHIGAN CANAL.—Mr. J. H. Kenzie, Collector in the Canal Office in this city, this morning received word from J. C. Preston, General Superintendent, that the canal will be open for boats, drawing four feet three inches or less, on Thursday next, April 1st.—*Chicago Journal*, of yesterday.

IN LUCK.—It never rains but it pours. Moses M. Strong is not only out of jail, but it is reported that some miners in his employ, in the town of New Diggings, La Fayette county, have struck one of the richest veins of Lead Ore that has been discovered for some years. Verily there is a tide in the affairs of men, and Moses seems to have taken at its flood.—*Madison Journal.*

INFORMATION WANTED.—George Harrison left his family in Milwaukee, the 27th day of February last, and came to this place professedly in search of a job on the Railroad, and on the 1st day of March got a young man in this village to write to his family that he (Harrison) was dead, and that his funeral had just been attended. His wife came on here immediately in her weeds of mourning, for the purpose of disposing of his effects, and found the whole affair to be a hoax, and immediately set out to find him if possible. She succeeded in tracing him to some point near Sparta, and can hear nothing from him since. He was seen by a number of our citizens while here, all of whom agree that he was insane.

His wife is now in this place, and very anxious to hear from him. He is full 6 feet high, large Roman nose, a scar on his upper lip, and also on his forehead; has dark brown hair, and bushy whiskers, mixed with grey; blue eyes, and is quite intemperate. He speaks with a broad, "north of England" brogue, and is very free to converse.

When he left, he wore dark, brown clothes and plush cap, somewhat worn. Any information as to his whereabouts would be gladly received by a deeply afflicted family. Address, Mary Harrison, New Lisbon, Juneau Co., Wis.—Exchanges please copy.—*New Lisbon Republican, March 29.*

SENATOR CLARK OF NEW HAMPSHIRE.—The Washington Globe says that during the protracted session of the Senate, forced by Senator Green last week, Senator Clark, having the floor, had a hard time of it. Having spoken from half past four to six o'clock, he said: "If it be the pleasure of the Senate to adjourn now, it would be very agreeable to me. I have had nothing to eat since eight o'clock, either bread or anything else."

But the Senate wouldn't adjourn, and he proceeded until a quarter past eight o'clock.

When, during an explanation by Mr. Green, having spoken over three hours and a half, he availed himself of the opportunity to indulge in that beverage which "cheers but not inebriates," with accompanying muffins and sandwiches, which gave his desk the social aspect of a cosy tea table, the Honorable Senator retained his right to the floor with a cup of hot tea in one hand and a huge sandwich in the other. The scene was novel; but a twelve hours' fast had created an inexorable stomach. By the call of the yeas and nays he was afforded ample time to finish his repast.

DUEL IN MISSOURI.—A gentleman from Charleston, Mississippi county, Mo., reports that a bloody and fatal duel took place a few miles above that place yesterday, between —— Lane and Allen Hale. They had an old grudge, and agreed to meet and settle it by fighting with double barreled shot guns at ten paces, which they did accordingly. At the first giving of the word both guns missed fire; at the next attempt Hale's gun missed fire, and Lane's gun went off, pouring its load into Hale's body. Hale fell, and Lane went up to him, and beat him on the head with his gun, breaking it.

Lane had not been arrested this morning, the people appearing to regard it as a fair fight.—*St. Louis Rep.*

QUESTION FOR A WIFE.—Do you recollect what your feelings were immediately after you had spoken the first unkind word to your husband? Did you not feel ashamed and yet too proud to admit it? That was, is, and ever will be your evil genius! It is the temper which labors incessantly to destroy your peace, which cheats you with an evil delusion that your husband deserved not your love. It is the cancer which feeds on those unspeakable emotions you felt on the first pressure of his hand and lip.—Never forget the manner in which the duties of that calling can alone be fulfilled. If your husband is hasty, your example of patience will chide as well as teach him; your violence may alienate his heart, and neglect impel him to desperation. Your soothing will redeem him—your softness subdue him, and the good-natured twinkle of those ever filling beautifully with price-less tears will make him all your own.—*Old Paper.*

ONE DOLLAR WELL BUY

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY, that acts as a *Cathartic*, tonic, alterative and diuretic.

It is not only a powerful cathartic medicine known. It is not only a Cathartic, but a liver remedy, acting first on the liver to eject the morbid matter, then on the stomach and bowels, to carry off the same, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens, the system at the same time that it purges, and in this lies its success, as it does away all strain upon and builds it up with unusual rapidity.

DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz.: Gums, &c., from the virtues of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength, as one hundred doses of Calomel, without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have yet to be fully known, for they have never been used in their prescription until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it to a family medicine at a reasonable price.

It has rarely ever failed to cure Liver Complaints in their worst forms:

INDIGESTION being caused by a deranged Liver and Stomach, when the Liver is excited to action.

JAUNDICE is caused by the improper action of the liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator one week, and their skin will begin to assume its original color.

COSTIVENESS can be permanently cured by the Invigorator. Take but an Invigorator on rising and it starts the liver in operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.

SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects acidity and sourness of the stomach.

For an overloaded stomach it has no equal, as it removes all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.

DR. SANFORD'S INVIGORATOR come to us recommended to us as cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor induced us to try it, and now conviction is strong that it is one of the great blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before using it we could eat but a small quantity, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this the greatest remedy in the world.—*Huckleberville, Ala., Republican.*

LOVE SONG.

BY JAMES RUSSELL LOWELL.

O, moonlight deep and tender,
A year and more agone,
Your mate of golden splendor
Round my betrothal shone!

O, elm leaves dark and dewy,
The very same ye seem,
The low wind through ye blowing
Ye murmur in my dream.

O, river, dim with distance,
Flow thus forever by,
A part of my existence
Within your heart doth lie!

O, stars, ye saw our meeting,
Two beings and one soul,
Two hearts so manly beating
To mingle and be whole!

O, happy night deliver
Her kisses back to me,
Or keep them all and give her
A blissful dream of me.

THE CALORIC MOTOR.—We some time ago mentioned that Mr. Ericsson had invented a caloric engine which was successfully at work in different places as a stationary engine, and was also employed to propel a yacht, which ran at a very good rate of speed, and with a surprising small quantity of fuel. Mr. E. has devoted his attention to the preparation of drawings, and to making arrangements for the extensive manufacture of these engines, of various sizes, with a view to their general introduction as a labor-saving machine. "Ericsson's Caloric Engine Agency" has been opened at 538 Broadway, where two of the engines are to be set up and practically employed in manufacturing purposes, that their powers may be advantageously exhibited. One, about half the size of a barrel, will be connected with a lathe and planing machine; another will pump water to an elevation of upwards of fifty feet. The former is what is commonly called the "railroad station engine," from its peculiar adaptation to the business of sawing, pumping, &c., required at railroad stations; and there is a reasonable prospect that it may ultimately come into almost universal use for these purposes, as well as for a variety of agricultural operations, such as threshing, winnowing, &c. But, at present, the great object is to secure the substitution of caloric engines for horse power in the propulsion of canal boats—thereby abating the brutality for which the service of the canals is notorious, and much of the Sabbath desecration, besides effecting an important saving in expenditure. It is for this purpose that the Legislature of New York is asked to incorporate the "Ericsson Manufacturing and Navigation Company."—It is claimed that, while this engine will perform much more labor than a horse, it will cost but little more, will last twice as long, and can be kept at work at an expense for fuel quite insignificant in comparison with the fodder which the animal would require.
A number of licenses have been granted to manufacturers in different parts of the country for the manufacture of caloric engines for their own customers.
We wish Capt. E. and his associates that full measure of success which their perseverence, energy and enterprise so richly merit.—*N. Y. Journal of Commerce, March 26.*

DAGUERREOTYPES.

CRAPO'S

Mammoth Daguerrean & Photographic
TEMPLE OF ART!

At 1, 2, 3, 4, 5 & 6, Goodrich & Tweedy's Block,
NO. 231 MAIN STREET,
(One Door North of the Newhall House, First Floor, Up Stairs.)

IT IS now open to the public. This is the largest Gallery in this city or the Great West, and has been arranged and furnished without regard to expense.
It is the only Gallery in this city where Daguerreotypes are made.
The Daguerreotype for a miniature, is now conceded by all the refined and cultivated, to

Far Excel all other Styles of Pictures,

In point of brilliancy and life-like beauty. These Pictures will not crack off like the Ambrotype, which will crack off sooner or later. Experience has taught me that the

DAGUERREOTYPE & PHOTOGRAPH

Are the only desirable Pictures.
Price of Daguerreotypes $3, and we pledge ourselves to

MAKE BETTER ONES

Than have ever been made in this city or the West, and having a

Practical Experience of Fourteen Years

In the business, we can do all we promise. Positively no cheap Daguerreotype will be made, and none but the best will be allowed to leave the Gallery.

PHOTOGRAPHIC DEPARTMENT.

Every style are made—from the Plain, the Cabinet and life-size on Canvass, in Oil. The

Cabinet and Life-Size Photographic Portraits

Are painted by an Artist in the finest styles, which for beauty and life-like appearance are

SUPERIOR TO ANY PORTRAIT PAINTING.

Old Daguerreotypes or Ambrotypes copied and enlarged to cabinet or life-size, and beautifully colored on short notice.
The Gallery and facilities for producing the best of work of the Photographic Art, are the most complete and extensive in the West.
The public are invited to call and visit the Gallery.

SUPERIOR AMBROTYPES

Are made for those who wish them, and put up at

Prices as low as any other Room in the City.

☞ REMEMBER that this is the only Gallery where good Daguerreotypes are made, and that the pictures will not fade or crack.
R. P. CRAPO.
Milwaukee, March 24th, 1858.

FROM HON. WASHINGTON HUNT, Ex-Governor of the State of New York:

Lockport, Aug. 2d, 1857.

The bearer of this letter, Mr. R. F. Crapo, is about to visit the Western country. He is an Artist of great merit, and has gained a reputation for excellence in his profession. He is highly appreciated, moreover, as a gentleman of intelligence and sterling moral character. I desire to recommend him to the favorable regards of any friends of mine, whom he may meet in the course of his tour.
WASHINGTON HUNT.

From the Lockport Daily Courier.

☞ R. P. Crapo has disposed of his Daguerrean establishment in this place, and is about to remove to Milwaukee to engage in the same business. As an Artist Mr. C. has no superior, and he leaves in our midst as monuments of his talents, an array of pictures, which for tone, expression and finish have never been excelled in the Daguerrean or its concomitant arts. We commend him to the good people of Milwaukee as an upright and courteous gentleman, every way worthy of their confidence, and as possessing that mysterious power spoken of by the Poet when he says—

"O wad some power the giftie gie us,
To see ourselves as others see us."

From the Lockport Daily Advertiser.

R. P. CRAPO.—Mr. Crapo, the Daguerrean artist, having sold his business in this village, leaves here in a day or two for Milwaukee, where he is to establish himself in the wholesale trade in Daguerrean apparatus, chemicals, &c. Mr. C. has been here for some years, and as an artist has won a reputation for color equalled by none and superior to most. Among business men he stands A No. 1. His name is familiar all over the country, and wherever his portraits have been examined he is sure to be praised.
